

Technical Specification | Pipe Clips

Channel Clip

Part no: Various

Bag quantity: 10

Benefits:

- A complete range of 14 sizes to fit 1/4" to 2 1/8" O/D pipes
- Easy installation to 41mm channel
- Fits all types of Metric and Imperial sizing
- Material withstands temperatures from -40°C to +140°C
- Unique lockable ratchet design
- Quick to fit over insulated pipes
- No cutting of insulation required
- No thermal gap left around fixings
- Fits correctly around varying tube wall thicknesses
- Allows accurate flow adjustment for waste and condensate drains
- Safety lock ensures that the correct pressure is applied to hold both pipe and insulation
- Pipe held by locking over full length of the clip
- Can support a maximum horizontal load of 30kg
- Non-conductive material
- Good hold on both vertical and horizontal channel

The BBJ Channel Clip has a secure and lockable fastening mechanism, allowing quick and easy fixing with the simple fit and twist action.

The unique ratchet design ensures that the clip remains closed when insulated pipe is squeezed against the wall of the clip. The clips are also easy to remove and relocate for maintenance.
