

# Stud Clip

Part no: Various

**Bag quantity:** 10

**Benefits:**

- A complete range of 28 sizes to fit 1/4" to 2 1/8" O/D pipes
- Easy installation to M8 and M10 studding
- Fits all types of Metric and Imperial sizing
- Material withstands temperatures from -40°C to +140°C
- Unique lockable ratchet design
- Quick to fit over insulated pipes
- No cutting of insulation required
- No thermal gap left around fixings
- Height adjustable on M8 and M10 studding
- Fits correctly around varying tube wall thicknesses
- Allows accurate flow adjustment for waste and condensate drains
- Safety lock ensures that the correct pressure is applied to hold both pipe and insulation
- Pipe held by locking over full length of the clip
- Maximum recommended horizontal load:  
M8 studding - 30kg  
M10 studding - 50kg
- Non-conductive material

**The BBJ Stud Clip has a secure and lockable fastening mechanism, allowing quick and easy fixing with the simple fit and twist action.**

The unique ratchet design ensures that the clip remains closed when insulated pipe is squeezed against the wall of the clip. The clips are also easy to remove and relocate for maintenance.

M8 Part no.	M10 Part no.	Size (pipe only)	Metric pipe	6mm lagging	9mm lagging	13mm lagging	19mm lagging	25mm lagging
