

Conflict Minerals Declaration

Declaration concerning the Dodd-Frank Wall Street Reform and Consumer Protection Act, Section 1502

We hereby confirm that **all products** supplied and manufactured, do not to the best of our knowledge contain any conflict minerals (tin, tantalum, tungsten and gold) which are sourced from mines of Democratic Republic of Congo or its adjoining countries.

We have undertaken an audit of the usage of conflict minerals for our products within our supply chain and have received greater than 75% written declarations from our suppliers. To that end we reserve the right to amend this declaration at any time based on subsequent development of information.

New supply chain partners will also be audited to confirm that compliance is maintained or will be instructed to provide a signed declaration.

An ongoing process has been implemented to ensure that conflict materials do not enter the supply chain.
