

Technical data sheet

Ice 'n' Clean® ONE SHOT

Ice machine cleaner

Ice 'n' Clean® ONE SHOT will effectively remove limescale and slime – which are common problems in ice machines – and will clean all surfaces. Limescale is formed by the insoluble calcium carbonate coating the ice-making elements. Newly formed ice sticks to the scale and this jams the machine. Slime then builds up, allowing contamination of the ice products. Slime can also give the ice a bad taste or odour.

PRODUCT SPECIFICATION

Name	Ice 'n' Clean® ONE SHOT
Product Code	S010148GB
Packing Quantity (ml, L)	12 x 250ml
Packing Size (L x H x D cm)	23 x 20 x 18
Shipping Weight (kg)	4.74
Shipping Volume (m³)	0.0112
Soils	Scale, bacteria, mould, fungus

Special Features

- Clears heavy limescale and slime deposits
- Colour indicator ensures product is completely flushed

Directions of use

Turn off refrigeration and leave pump in operation if possible. Drain machine and refill with fresh water. Add Ice 'n' Clean® to circulating water at a rate of about 0.25 litre: 9.75 water. Circulate for about 30 minutes. Brush cleaning solution onto scaled surfaces not contacted by the circulation. Extra-heavy scale may require a second dose of Ice 'n' Clean®.

Drums and plastic parts may be cleaned by mixing 0.25 litre: 9.75 litres water in a plastic container and brushing solution onto scaled surfaces.

After scale removal, drain cleaning solution and flush thoroughly with fresh water. Ice 'n' Clean® has a red colour indicator, that ensures that product is completely flushed after use.

Use interval: In line with normal maintenance schedule.

Store upright in a cool, dry place

Disposal

Product: Incineration on land.

Container: Clean with water. Dispose of as normal industrial waste. Do not reuse empty container.

Ice 'n' Clean® ONE SHOT
Danger
UN1760
Contains Phosphoric acid

H314: Causes severe skin burns and eye damage. P262: Do not get in eyes, on skin, or on clothing. P264: Wash hands thoroughly after handling. P280: Wear protective gloves / protective clothing / eye protection / face protection. P303+361+353: IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
