

Technical Data Sheet

StayClean™ Mini Tablets

Condensate tray bacterial control treatment

StayClean™ Mini Tablets are an inexpensive, easy-to-use, long-lasting condensate tray treatment. The tablets will control odours and prevent sludge build-ups and blockages in the condensate tray and drain. They are safe to use, non-corrosive and – being totally soluble – leave no residues to create further problems.

PRODUCT SPECIFICATION

Name	StayClean™ Mini Tablets
Product Code	S010105GB
Packing Quantity (ml, L)	20 x 20 tablet bags
Packing Size (L x H x D cm)	23 x 15 x 14
Shipping Weight (kg)	1.12
Shipping Volume (m3)	0.0045
Soils	Control bacteria, mould & fungus

Special Features

- Controls odours
- Reduces sludge build-up
- Minimises risk of blockages

Directions of use

Simply place the tablet in the tray at the highest end, and adjacent to the coil, so that the resulting treatment will cover the entire tray. For larger systems multiple tablets may be used. For initial applications, or where the tray and drain are severely contaminated, double the suggested treatment rate.

One tablet will treat a 2-3kW system and will last for a month. Multiple tablets can be used in larger systems for maximum flexibility.

Disposal

Product and packaging: Dispose of as normal industrial waste.

StayClean™ Mini Tablets
Danger
Contains Biocide

H315: Causes skin irritation. H318: Causes serious eye damage. P260: Do not breathe dust. P262: Do not get in eyes, on skin, or on clothing. P280: Wear protective gloves.
