Directions of use

Peel back the sealed top and remove an EasyWipe™, then use it to remove dirt, grease, grime, oil, paint and tar from tools, hands and other surfaces. Once you have finished cleaning with EasyWipes™, ensure that the pack has been resealed. To maintain EasyWipes™ at their optimum freshness it is advisable to store them upside down, thus preventing any of the cleaning solution evaporating.

EasyWipes™ may not be suitable for some plastics, delicate surfaces and fabrics. Always test EasyWipes™ on a non-critical surface before use.

EasyWipes™

EUH210: Safety data sheet available on request. P102: Keep out of reach of children. P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
